

**Amendment to the Claims**

1. (Original) A method of mounting a liquid crystal display module in a computer having an upper sash, a lower sash, and a fixed rod coupling the upper sash to the lower sash, the upper sash including the liquid crystal display module, a hinge coupled to the fixed rod, and an arm coupled to the hinge, the method comprising the steps of:

arranging the arm, coupled to one end of the fixed rod through the hinge in the upper sash, to be positioned between a side wall of the upper sash and a side wall of the liquid crystal display module; and

fastening together the side wall of the upper sash and the side wall of the liquid crystal display module through the arm.
